Assignment - Week 5 - Sport Law-EVC

Instructions:

On page 190 of your textbook, there is a discussion on emerging issues in women's sports negotiations. Your textbook states the following: "Another example of labor issues in women's sport is the ongoing story of the United States women's national soccer team, and their fight for equal pay compared to their male counterparts. Twenty-eight members of the US Women's National Team filed a gender discrimination suit in 2019 against the U.S. Soccer Federation."

This lawsuit has been resolved since this textbook was written. Research this lawsuit and tell me what they were asking for and how it was resolved, recognizing it involved more than money. Do you think it was a fair resolution and why or why not? Please use 2 proper APA citations.
